

FOCUSED FIELD TRIPS

Kohl Children's Museum's Focused Field Trips expand on concepts integrated in the Museum exhibit environments and include pre- and post-visit extension materials. All workshops are aligned with Common Core Standards (CCSS) Illinois Early Learning and Development Standards (IELDS) and Next Generation Science Standards (NGSS).

Remember, all workshops can be brought to your classroom through our **In-School Museum Experiences!**

WORKSHOP TITLE	MAIN FOCUS	ADD'L FOCUS	PK	K	1	2	3
Animal Adaptations			•	•	•	•	•
Animals As Architects			•	•	•	•	•
Artistic Expressions			•*	•	•	•	•
Build It!			•	•	•	•	•
Energy Around Us			•	•	•	•	•
H ₂ O Art			•	•	•	•	•
Motion Quest			•	•	•	•	•
Re-Use It			•	•	•	•	•
Scientific Experimenters			•	•	•	•	•
Sensational Senses			•	•	•	•	•
Vibration Explorations			•	•	•	•	•
Water Investigations			•*	•	•	•	•

DID YOU KNOW?

STEAM-related content (Science, Technology, Engineering, Arts, and Math) is incorporated into virtually all of our Focused Field Trips.

* Adapted version of field trip available for toddler age

In house FFT Workshops:

- Animals as Architects
- H₂O Art
- Energy Around Us
- Build It
