

FOCUSED FIELD TRIPS

Kohl Children's Museum's Focused Field Trips expand on concepts integrated in the Museum exhibit environments and include pre- and post-visit extension materials. All workshops are aligned with Common Core Standards (CCSS) Illinois Early Learning and Development Standards (IELDS) and Next Generation Science Standards (NGSS).

Virtual field trip options are also available for an online experience with hands-on activity kits. Visit www.kcmgc.org/virtual for more information!

WORKSHOP TITLE	MAIN FOCUS	ADD'L FOCUS	Todd- lers	PK	K	1	2	3
